P.O. Box 202 - Vermontville, Michigan 49096

To whom it may concern,

On behalf of the Vermontville Chamber of Commerce, it is our sincere belief that the Opera House would be of great value to the community and the county as a whole. It could serve as a meeting place, play house, historic center, and the list goes on.

We are a small community that appreciates the value of a beautiful and historical building. It has taken many years of hard work and planning to get as far as we have. We don't want to see the Opera House idle any more.

Anything that we, as a community, can do to enrich our children, better our culture, and expand the growth for the future of Vermontville should be done. The Opera House in Vermontville will help to provide these and more advantages for our present citizens and for future generations to come.

Sincerely,
